

APPLICATION AT LMU

Please pay close attention to the following important information concerning your application at LMU Munich, Germany.

We appreciate your interest in enrolling at LMU, one of the largest and most reputable public universities in Germany. Admission at LMU is regulated by statutes, and because you have to meet the requirements of all three universities to study in the triple degree program, we would like to share some important information about the somewhat complicated admission procedure at LMU with you. It is important that your Bachelor degree meets the German requirements. Therefore, your Bachelor degree might have to be checked with the German authorities. Depending on your previous university education, this process might take up to several months. Hence, we strongly recommend you to apply as early as possible, definitely no later than by end of the **priority deadline** (May 15th).

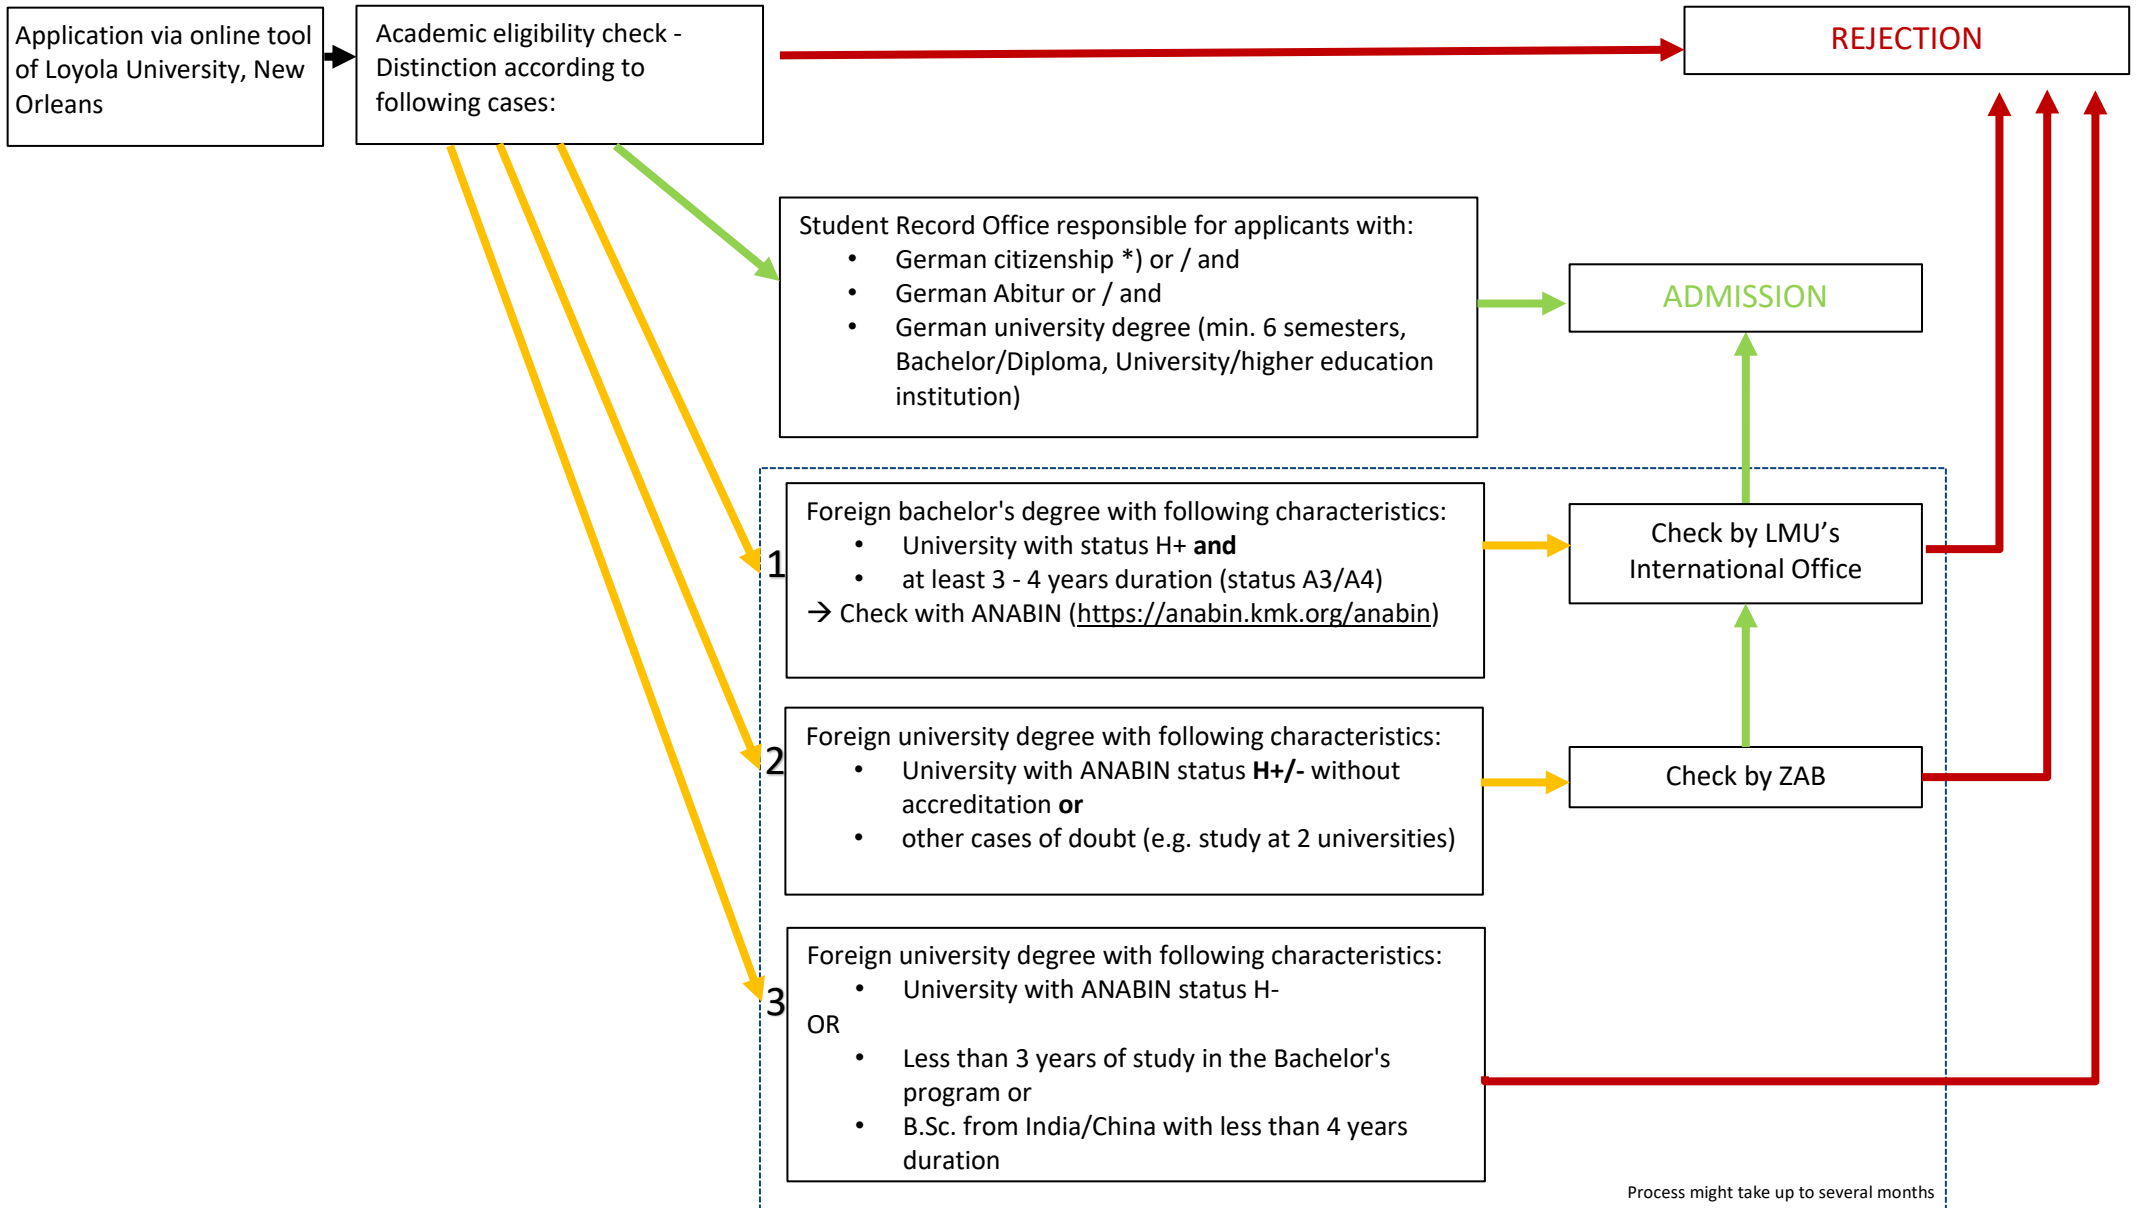

To find out how long the scrutiny of your documents will take, please check in which of the following categories you belong:

	Type of Bachelor degree	Process & Duration
1	Foreign bachelor's degree with following characteristics: <ul style="list-style-type: none">• University with status H+ and• at least 3 - 4 years duration (status A3/A4) → Check with ANABIN (https://anabin.kmk.org/anabin)	Check with LMU's International Office (process takes a few weeks)
2	Foreign university degree with following characteristics: <ul style="list-style-type: none">• University with ANABIN status H+/- without accreditationor• other cases of doubt (e.g. study at 2 universities)	Check with German authorities (process takes up to several months)

We will do our best to get back to you before July 15th. Unfortunately, we are dependent on the speed of operation of the German authorities. In case you have not received approval of admission until **July 15th**, we need to reject your application for the upcoming intake. Of course, we are happy to consider your application for next year's intake.
